Bob in response to your request today, I am copying Kris Leefers and Bill Adams so that you have their email addresses. Please feel free to share with them any documents related to settlement discussions next week while I'm out of the office. I'm encouraged by our discussion today because it sounds like you're optimistic about the likelihood of reaching a settlement agreement in principal with the government very soon. I believe you alluded to increased overall funding and a greater portion of that paid upfront from Liberty for that purpose. That would be consistent with what was communicated in our last meeting Liberty and PMC on June 8.

On another note, I've been informed by Dan McCracken with IDEQ that he dropped off a copy of the recorded Environmental Covenant yesterday with Dave at the mine office. That copy is intended for your records.

We look forward to hearing from you soon,

Ed
